

# Super Easy Wristwarmers

Crochet pattern

real purdy

**Level: Beginner, Stitches Used: Half Double Crochet**

## Materials:

- 1 skein (uses about half) Caron Simply Soft yarn (shown: Bone) or any medium weight yarn
- I-9 or 5.5 mm crochet hook
- Blunt edged yarn needle

*Gauge: 22 stitches = 6.5" (length from mid fingers to wrist)*

## Pattern:

Chain 23.

Row 1: Half double crochet (HDC) in 2nd chain from hook and each chain to the end. (makes 22 HDC stitches). Make 2 chains at the end and turn your work.

Row 2: HDC in the 1st stitch from your hook and each stitch across (22 HDC).

Repeat Row 2 for about 9-10 rows, or until you have a square that is about 6.5"-7" x 6.5". (You'll want a square that you can fold over your hand and that won't be too loose or too tight when you stitch the edges together). Fasten off and leave a long piece of yarn (you'll sew the sides together with it).

**To finish:** Fold your square so the rows run vertically up your hand and check for fit. Using yarn threaded through a blunt edged needle, stitch the edges together with a basic whipstitch. Sew about 1.5" together at the top, then leave about 2" open for the thumb, (stitch along one side only here) and continue stitching the remainder together to the end. Fasten your end off and weave in the loose end.
